

1. SCOPE OF APPLICATION

1.1 These general terms & conditions (the “Terms & Conditions”) of CI Tech Components AG (“CI Tech”) are applicable to and supplement all individual contracts between CI Tech and its customers (the “Customers”) concerning the purchase of systems or components for the automated processing of banknotes, other value documents and other means of payment such as coins (the “Goods”) and the provision of services (the “Services”) according to the corresponding services agreements (the “Service Agreements”). CI Tech reserves the right to change and amend these Terms & Conditions and to inform Customer thereof (by individual letter or by publishing it on the website of CI Tech).

1.2 In case of any contradiction between these Terms & Conditions and specifically agreed terms in individual written agreements between CI Tech and Customer, the specifically agreed terms shall prevail.

1.3 In the absence of express confirmation, these Terms & Conditions and any subsequent amendment to these Terms & Conditions shall be deemed to have been accepted by Customer upon placing of an order by Customer, or shipment, delivery or other tender by CI Tech of any Goods or Services ordered by Customer.

1.4 Any conflicting or additional terms and conditions are hereby expressly rejected. CI Tech shall not be bound by conflicting additional terms and conditions of Customer, even if CI Tech has not objected Customer.

2. SERVICES AND DELIVERIES

CI Tech will provide, or will procure the provision of, the Services and deliveries of Goods at the prices, costs and fees as specified and described in the individual agreement between CI Tech and Customer.

3. CHARGES AND PRICES

3.1 Unless otherwise specified, prices are quoted in Euro (EUR) and on an FCA basis (Free Carrier according to Incoterms® 2010) excluding packing, insurance and the statutory Value Added Tax or other taxes applicable at the relevant time.

3.2 All quotations of prices in brochures and price lists are made without commitment and are subject to change.

3.3 Any and all expenses for assembly are born by Customer.

4. INVOICING AND TERMS OF PAYMENT

4.1 Time is of the essence for payment of the price by Customer to CI Tech.

4.2 Except as otherwise agreed in writing by CI Tech, each and every invoice is due for payment within 30 days from the invoice date (“the Due Date”).

4.3 CI Tech shall be entitled to recover the price notwithstanding that the title to the Goods has not passed to Customer.

4.4 Customer shall reimburse CI Tech for the reasonable attorneys’ fees and other costs of judicial or extrajudicial collection of unpaid past due amounts. Customer will be responsible for any taxes (including VAT), duties, fees or surcharges that are imposed or authorized by regulatory and governmental entities in respect of the provision of the Services hereunder, and shall pay to CI Tech or reimburse CI Tech for such amounts as are paid by CI Tech in respect of the same.

4.5 All fees and remittances will be in the currency denomination set forth in the individual agreement between CI Tech and Customer and shall be made via electronic payment to the account of CI Tech indicated by CI Tech to Customer.

4.6 If Customer fails to make payment by the Due Date, then without prejudice to any other right or remedy available to CI Tech, and notwithstanding any previous agreement or arrangement to the contrary CI Tech shall be entitled to:

a) i) cancel any order CI Tech may have accepted for delivery to Customer;

ii) suspend any further deliveries to Customer; and/or

iii) suspend any Services CI Tech may have accepted to provide to Customer, for all of which CI Tech shall provide advance notice, which may be by email;

b) apply any payment made by Customer for the Goods or Services supplied by CI Tech to any other order to pay older debts due to CI Tech first

or otherwise as CI Tech, at its discretion, deems appropriate;

c) charge interest on the amount unpaid on a day to day basis at an annual rate equal to 5 percent or, if lower, to the maximum interest rate mandatorily allowed under applicable law from the Due Date until payment is made in full whether before or after any judgement;

d) take legal action to recover any monies due to CI Tech from Customer;

e) and/or to enforce its security interest against the items sold.

4.7 In the case of reasonable doubts concerning Customer's ability to pay, CI Tech may vary the payment terms under these Terms & Conditions to require payment in advance of delivery of the Goods or Services.

5. OWNERSHIP AND RETENTION OF TITLE

In case CI Tech expressly states so in the Contract or in the delivery documents, CI Tech reserves full title, and Customer grants CI Tech a first priority purchase money security interest in all items sold to secure full payment of all debts that may become due and owing by Customer to CI Tech. Customer shall execute and deliver appropriate financing statements in accordance with the Uniform Commercial Code or other applicable law and shall execute such further documents and take such further action as CI Tech may request in order to perfect a first priority purchase money security interest in all items sold. Moreover, CI Tech is authorized to file such financing statements without Customer's signature or with CI Tech's signature as the attorney-in fact for Customer.

6. INTELLECTUAL PROPERTY

6.1 Nothing in the Contract or otherwise will be deemed to grant to Customer any right, title or interest in CI Tech's intellectual property rights of CI-Tech or CI-Tech suppliers, in whole or in part. Customer shall have no right to use CI Tech's or its affiliates' trademarks, service marks, patents, labelling, packaging, hang-tags, trade names, distinctive words, logos, drawings, art work, pictures, colours, formulas, processes, designs, design models or copyrights or other proprietary rights derivations or adaptations thereof, or any marks or works similar in any manner without the prior written consent of CI Tech.

6.2 In the absence of other written agreement providing otherwise, Customer is granted only the right to use the software supplied (regardless whether the software was supplied as part of the hardware or separately). In particular, Customer is not permitted to duplicate or modify the software.

6.3 For software supplied, licence and warranty conditions of the suppliers of CI Tech apply.

7. DELIVERY OF GOODS BY CI TECH

7.1 The periods of delivery as communicated by CI Tech are to be considered as mere reference dates based on the circumstances

of the time of the offer. Periods of delivery start to run on the date of acknowledgement of the respective order by CI Tech.

7.2 Customer cannot claim compensation for damages or consequential losses due to delay under any circumstances.

7.3 All of the Goods shall be counted and inspected by Customer immediately subsequent to delivery. If Customer does not object within 30 days after the delivery of Goods, they are deemed to be accepted by Customer and CI Tech's count of the Goods will be accepted as final and conclusive. In case the delivered Goods are defective or nonconforming, Customer shall immediately notify CI Tech thereof and shall have the remedies set forth in Section 8.3 hereof.

8. WARRANTY AND GUARANTEE

8.1 CI Tech warrants Customer that it has complied with all applicable laws, rules and regulations and that all of the Goods sold to Customer shall be:

a) new and, except if expressly agreed otherwise, unused and free from defects in materials, workmanship, manufacture, labelling, packaging, shipping and handling;

b) fit for the particular purposes or uses, if such particular purposes or uses were specifically agreed between CI Tech and Customer;

c) free of any third party security interest, lien or other encumbrance of any kind.

8.2 The warranty period is 12 (twelve) months from the date of delivery. All rights and remedies of Customer with regard to any non-conformity of the Goods and/or with regard to a breach of

the warranty of Section 8.1 hereof will lapse after such warranty period.

8.3 In the event of CI Tech's breach of any of the warranties set forth in the Section 8.1 hereof, Customer shall promptly notify CI Tech in writing of such breach and CI Tech shall, at CI Tech's option and at CI Tech's expense, either:

- a) promptly replace or correct the defective or nonconforming units of the Goods; or
- b) deliver replacement units of the Goods to Customer. CI Tech and Customer agree that a) and b) shall be the exclusive remedies for any such breach. For the sake of clarity, the delivery of such substitutes or replacements shall be deemed to be a new delivery of Goods which shall be again subject to the terms set out in this Section. CI Tech's obligations in regard to any nonconforming goods or breach of warranty (as set forth in Section 8.1 hereof) shall be exclusively limited to the obligations set forth in this Section 8.3.

8.4 All warranties of CI Tech are nullified if:

- a) if Customer or any third party attempts or executes any modifications or repair work without written consent of CI Tech; or
- b) if Customer or any third party is responsible for noncompliance with operating conditions.

8.5 Except where specifically provided in writing, CI Tech does **not** guarantee to Customer the continued availability regarding:

- a) any of the Goods or other systems, products or product lines offered by CI Tech; nor
- b) any respective spare parts; nor
- c) any Services or other maintenance services.

8.6. The express warranties given herein are exclusive and all other express or implied warranties are excluded, including, without limitation, any implied warranties of merchantability and / or fitness for particular purpose.

9. LIMITATION OF LIABILITY OF CI TECH

9.1 To the extent permitted by applicable law, any liability of CI Tech is excluded, including but not limited to cases in which damage is directly or indirectly caused by failure of Customer to observe operating or maintenance instructions of CI Tech, in particular in connection with improper changes made to the systems and/or improper

operation conditions and/or improper materials used. CI Tech shall not be liable to customer under or in connection with the contract for any incidental, indirect or consequential loss or damage of any kind, such as loss of income, loss of actual or anticipated profits, loss of business, loss of contracts, loss of goodwill or reputation, or loss of anticipated savings.

10.2 In the event that the force majeure situation continues for more than 90 (ninety) days, each party shall be entitled to terminate the Contract by notifying the other party thereof in writing. In such case, each party to the Agreement is to be placed in status quo ante. Customer shall compensate CI Tech for work performed and reimburse CI Tech for expenses incurred.

11. EXPORTATION

11.1 CI Tech and Customer agree that illegal export, illegal import and/or illegal use of the Goods always is contrary to the business interests of both parties, even if third parties are responsible for such breach of law or regulation. Strict observance of the relevant regulations of foreign trade law is therefore an essential condition for the cooperation between CI Tech and Customer, in particular with regard to US export restrictions. Exportation of the Goods and/or related documents may require official approval, which Customer shall point out to its respective customers in writing.

11.2 CI Tech will not perform any of its obligations if such performance infringed upon the applicable exportation laws or any other trade law and regulations of Switzerland, the European Union, or any other countries or jurisdictions.

11.3 For the Goods (i) which require an export control license or a re-export license according to the applicable exportation laws and regulations of Switzerland, the European Union, or any other countries or jurisdictions, or (ii) which were identified in the individual delivery documents by

CI Tech accordingly, Customer agrees that it will comply with all export laws and regulations.

12.4 Each party agrees that during the term of the Contract and for a term of 5 (five) years after the expiration of the Contract, it will not use the other party’s Confidential Information, except as necessary for the performance of the Contract, and will not disclose such Confidential Information to any third party, except to those of its employees, contractors and agents that need to know such Confidential Information for the purpose of performing the Contract, provided that each such recipient is subject to a written agreement that includes confidentiality obligations that are at least as protective as those set forth herein. Each party will make all reasonable endeavours to maintain the confidentiality of all such Confidential Information of the other party in its possession or control, but in no event less than the efforts that such party ordinarily uses with respect to its own proprietary information of similar nature and importance.
